

1.Data Penjualan Toko

The screenshot displays the Shopee Seller Center dashboard, specifically the 'Penjualan' (Sales) section. The interface includes a sidebar with navigation options like 'Beranda', 'Performa Toko', and 'Penjualan'. The main area displays a funnel chart for sales performance, with a table showing conversion rates for 'Kunjungan' (Visits), 'Pesanan Dibuat' (Orders Created), and 'Pesanan Siap Dikirim' (Orders Ready for Shipment). A 'Download Data' button is visible. The 'Grafik Kriteria' (Criteria Graph) section at the bottom allows filtering data by various metrics.

2.Data Penjualan Produk

The screenshot displays the Tokopedia Seller Center dashboard. The sidebar on the left contains navigation links, with 'Performa Toko' (Store Performance) highlighted by a red circle and labeled '1'. The main header shows the 'Performa Produk' (Product Performance) section, which is also highlighted by a red circle and labeled '2'. Below the header, the 'Tinjauan Produk' (Product Overview) section is visible, featuring a calendar for November 2025. The 'Per Minggu' (Per Week) filter is highlighted by a red circle and labeled '4'. The 'Download Data' button is highlighted by a red circle and labeled '6'. The table below the calendar shows product performance data, including columns for 'Halaman Produk Dilihat' (Pages Product Viewed), 'Dimasukkan ke Keranjang (Produk)' (Added to Cart (Product)), 'Produk (Pesanan Siap Kirim)' (Product (Orders Ready to Ship)), 'Penjualan (Pesanan Siap Kirim)' (Sales (Orders Ready to Ship)), and 'Aksi' (Action). The table lists three products: 'FLIFE MINI MILKY OVEN OV10H', 'Panasonic AC Mini Cassette 2 1/2 PK - CS-PV24RB4P', and 'Panasonic AC Wall Mounted Split Standard Deluxe Si-Biru Nancee-G 2 1/2 PK - CS/CU-P...'. Each product row includes numerical data for the first four columns and links for 'Lihat Grafik' (View Graph) and 'Lihat Kunjungan' (View Visits).
